

# PVDF

CONSTRUCTION MATERIAL

**DK** DKDONGSHIN

# PVDF

Polyvinylidene Fluoride

## ABOUT PVDF

PVDF is a premium product utilizing fluorine-based polymers for superior weather and chemical resistance. It excels in UV protection, significantly extending the lifespan of building materials. Although it has a higher cost, a 20-year warranty helps offset the initial cost and preserves the value of the building over the long term.

## APPLICATION

Residential Roof

Residential Buildings

Public Facilities

## PRODUCT OF CHARACTERISTIC

Subtly shimmering exterior  
Deep, matte texture

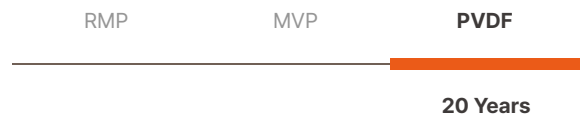

Excellent hardness of  
rough texture

Reasonable price, versatile usability  
for both interior and exterior materials

## WARRANTY YEARS

## PRODUCT STANDARDS

Thickness	Width	Coil.I.D.
GI, GL 0.3 - 1.0T	600 - 1,300mm	20M MAX

## PRODUCT PROPERTY

Property	Measurement	Test Standards
Glossmeter	60° Meter	1-2 (With in standard±2)
Bending(Adhesion)	T-bend	2T 4 point
Pencil Hardness	Pencil	H↑

\* The above criteria may vary depending on the application, material, color, and gloss, requiring prior consultation
